GSA FLEET CUSTOMER NOTICE

Dear Valued GSA Fleet Customer:

GSA Fleet continues to keep rates as low as possible for our customers through an ongoing effort to trim costs under our control. Unfortunately, this year's extraordinary increase in fuel prices, due to the price of oil, has exceeded all expectations.

GSA Fleet will implement a surcharge beginning on April 1, 2008. The purpose of the surcharge is to cover this year's dramatic increase in fuel prices and it will be applied only to the mileage rate from April 1 through September 30, 2008.

We have attached two documents demonstrating the effect of the surcharge. The first contains the surcharge rate structure for all classes. The second demonstrates the impact of the rate increase on 3 common vehicle types.

Our goal, as always, is to provide you with the lowest rates possible and the best fleet management services possible. We hope that this clarifies exactly what you can expect where your rates are concerned. If you have any further questions, please contact your local GSA Fleet Service Representative.

Sincerely,
