Mental Health Requests

When sending requests for information on mental-health conditions, please also request the following from an applicant's provider:

 Initial intake assessment, three most recent treatment notes, and psychological testing, if available

Disability

When sending requests for information on conditions, please also request the following from an applicant's school (e.g., public schools, therapeutic day and residential program schools, correctional program schools, etc.):

- IEPs, if available, to include evaluative data and assessments (e.g., psycho-social, psychological, neuro-psychological reports and achievement testing)
- 504 Plans, if available, to include evaluative data and assessments

This request should be for the last available IEP or 504 plan plus evaluative reports; these documents may be more than 2 years old.

This guidance does not replace the instructions to ETA 653, but should be used in conjunction with the instructions as a guide for documentation.
