#### I. CAREER TRANSITION SERVICES (CTS) REPORT CARD FOR PY 2008

Prior to reviewing this section, please read the INTRODUCTION to Appendix 501. The INTRODUCTION provides rationale, policies, and procedural changes that apply to all of the PY 2008 Outcome Measurement Systems (OMS).

- **A.** Overview. Due to the Workforce Investment Act (WIA) legislation and the structure of the Career Development Services System (CDSS), entities with Career Transition Services (CTS) responsibilities, whether they are center-based or contracted, play a vital role in the continuum of service delivery to students. As Job Corps emphasizes long-term success as a major indicator of the program's effectiveness, CTS agencies have primary responsibility for ensuring that graduates stay attached to the workforce after separation from the program.
  - The CTS Report Card is the accountability tool used to measure and account for performance of all entities with CTS responsibilities. The CTS Report Card reflects CTS agencies' success in achieving specific goals and objectives pertaining to both the placement of former enrollees and graduates and the earnings of graduates.
- **B.** PY 2008 Changes in Appendix 501c. There are seven performance measures included in the CTS Report Card. In order to align the goals of centers and CTS agencies, these seven performance measures directly mirror the short-term and long-term post-center measures on the Center Report Card, and closely parallel measures on the Career Technical Training Report Card (CTTRC).

Provided below is a description of the changes to the CTS Report Card:

- 1. Post-Enrollment Initial Placement Rate. The goal of the Post-Enrollment Initial Placement Rate is slightly reduced from 85% to 80% in recognition of current labor market conditions resulting in a small increase in the national unemployment rate during the first quarter of calendar year (CY) 2008, as well as the difficulty experienced by many centers and CTS agencies in achieving their goals during the program year (PY) 2007 goal.
- 2. Graduate Initial Placement Rate. As with the Post-Enrollment Initial Placement measure, the goal of the Graduate Initial Placement Rate is slightly reduced from 95% to 90% in recognition of current labor market conditions resulting in a small increase in the national unemployment rate during the first quarter of CY 2008, as well as the difficulties experienced by most centers and CTS agencies in achieving the PY 2007 goal.
- 3. Graduate Average Wage at Placement. The national goal for the Graduate Average Wage at Placement is increased from \$8.85 to \$9.15 per hour to ensure that the measure continues to be ambitious as a large proportion of centers and CTS agencies were achieving their PY 2007 goals. This continues to be a model-based goal for centers and CTS agencies, and upgrades will continue to be credited. Wages associated with upgrades will be credited, where applicable, according to the criteria defined in Attachment 2.
- **4. Graduate 6-Month Average Weekly Earnings.** Consistent with the philosophy of setting ambitious performance goals, the national goal for this measure is increased from \$400 to \$425 per week as the majority of centers and CTS

agencies were achieving their PY 2007 goals. However, the increase is relatively modest in recognition of current economic conditions. The goal for this measure continues to be model-based for centers and CTS agencies.

C. <u>Career Transition Services Measures</u>. Students who separate due to Level 1 Zero Tolerance (ZT) infractions or students who are enrolled in Job Corps for less than 60 days will *not* be included in the CTS Report Card since they are ineligible for post-center services.

Job Corps policy for crediting CTS agencies in situations where a student moves from one CTS location to another is detailed in the Introduction of Appendix 501 and is also outlined in Attachment 3.

#### **Short-Term CTS Measures**

The following criteria apply to the short-term CTS measures:

- The federal minimum wage requirement applies for all states (except for Puerto Rico, Virgin Islands, and the Trust Territories) to all the short-term CTS measures:
- Initial placement upgrades that occur during the placement window for former enrollees and graduates will be credited and may change the statistical status associated with a particular student. See Attachment 2 for a chart outlining the upgrade hierarchy; and
- Valid placements that are deemed "non-credited" by the Job Corps Data Center (JCDC) due to errors in meeting the requirements for verification and/or reporting timelines specified in PRH Chapter 4, Section 4.5, R2 and R3, shall be included in the CTS Report Card regional and national totals only. However, all entities may receive credit for the 6- and 12-month outcomes of these graduates, provided they participate in the applicable follow-up surveys. These graduates will also receive career transition support services since their placements are valid, making them eligible for the full array of services afforded their separation status.
- 1. Career Technical Training (CTT) Completer JTM/PSC Initial Placement Rate. A JTM Placement rate measure, crediting CTT completers initially placed in training-related jobs or the military, was added in PY 2005, and was intended to lead to improved student long-term outcomes and career success by encouraging student placement in the trades for which they have been trained. In PY 2007, to further align with the program's emphasis on education, the measure was expanded to also credit CTT completers who enter a postsecondary education or postsecondary training initial placement (PSC).

<u>Pool</u>: All CTT completers placed in a job or the military, or who enter

postsecondary education or postsecondary training placements.

Measure: The percentage of CTT completers in the pool who are initially

placed, or have a placement upgrade, in a training-related job, the military, postsecondary education, or postsecondary training.

Goal: The national goal is 70%.

Weight: 10%

Formula: Number of CTT Completers Placed in a

Training-Related Job, the Military, Postsecondary

Education, or Postsecondary Training

Number of CTT Completers Placed in
a Job, the Military, Postsecondary Education, or

Postsecondary Training

**Note**: The process created in PY 2007 for requesting that a job title be added to the Job-Training Match (JTM) Crosswalk will continue to be available for PY 2008. However, a request should be submitted only if the current JTM Crosswalk does not contain an appropriate job title that is directly related to one of the new or revised Training Achievement Records (TARs), released in PY 2006 or later. If the request is approved, the new job title will be added to the placement portion of the JTM crosswalk, and JTM placement credit will be given as appropriate to those students who complete the identified TAR and are placed, as of July 1, 2007, in a position with the approved job title. Please see Attachment 5 for the request form and instructions.

2. Post-Enrollment Initial Placement Rate. Any student who remains on center for 60 or more days should have acquired the basic skills that allow for an effective job search. It is therefore important to measure the placement success of students who stay 60 days or longer, yet do not graduate, as well as those students who do graduate. In addition, incorporating a summary measure that combines the placement outcomes for graduates and former enrollees more closely aligns the system with the guidelines in the Common Measures initiative, which specifies a placement measure for all students who exit the program.

<u>Pool</u>: All graduates whose initial placement records are due or received<sup>1</sup>

and all former enrollees whose initial placement records are due or

received.

Measure: The percentage of graduates and former enrollees in the pool who

are placed in a job, the military, an education or training program, or a job/school combination according to the Job Corps placement

definition in PRH Chapter 4, Exhibit 4-1.

Goal: The national goal is 80%.

Weight: 10%

<u>Formula</u>: Number of Former Enrollees and Graduates Placed in a

Job, the Military, an Educational Program, or a

Job/School Combination

Number of Former Enrollees and Graduates Whose Initial Placement Records Are Due or Received

**3. Graduate Initial Placement Rate.** The Graduate Placement Rate, which must be reported under WIA, also serves as a strong indicator of the program's success in preparing Job Corps graduates for work and beginning their engagement in the workforce.

JULY 1, 2008

1

<sup>&</sup>lt;sup>1</sup> In this usage, the term "due or received" refers to the sum of the number of former enrollees or graduates for whom placement information was reported, i.e., "received," plus the number of former enrollees or graduates for whom placement information was not reported and for whom the placement window expired, i.e., "due."

Pool: All graduates whose initial placement records are due or received.

Measure: The percentage of graduates in the pool who are placed in a job,

the military, an educational program, or a job/school combination

according to the Job Corps placement definition.

Goal: The national goal is 90%.

Weight: 20%

Formula: Number of Graduates Placed in a Job, the Military, an Educational

Program, or a Job/School Combination

**4. Graduate Average Wage at Initial Placement.** The graduate average wage at placement is a measurement required under the WIA. CTS agencies will be held accountable for their ability to secure jobs that will place graduates on the path to economic self-sufficiency.

Pool: All graduates placed in a job or in the military according to the Job

Corps placement definition.

Measure: The average hourly wage of graduates in the pool associated with

their initial or upgrade placement in a job or the military.

Goal: A model-based goal is used for this measure. Outside factors such

as economic and industry conditions that can impact centers' achievement in this measure are aggregated, and individual goals are determined for centers. See Attachment 1 for specific goals.

Weight: 15%

#### Long-Term CTS Measures

1. Graduate 6-Month Follow-Up Placement Rate. This measure is required under the WIA and is a program priority for the system. All phases of CDSS work toward the goal of helping Job Corps graduates achieve long-term success as a result of their participation in Job Corps.

<u>Pool</u>: All graduates initially placed in a job, the military, an educational

program, or a job/school combination who complete the 6-month

follow-up survey.

<u>Measure</u>: The percentage of graduates in the pool who report in the survey

that they are employed, in the military, or enrolled in an educational program according to the Job Corps placement

definition.

Goal: The national goal is 70%.

Weight: 20%

Formula: Number of Initially Placed Graduates Who Report They

> Are in a Job, the Military, an Educational Program, or a Job/School Combination on the 6-Month Follow-Up Survey Number of Initially Placed Graduates Who Complete the 6-Month Follow-Up Survey

2. Graduate 6-Month Average Weekly Earnings. This measure is required under the WIA and also serves as a barometer to measure graduates' long-term success.

Pool: All initially placed graduates who complete the 6-month follow-up

survey and report in the survey they are in a job (that meets the Job

Corps definition of placement) or in the military.

The average weekly earnings of placed graduates in the pool. Measure:

Goal: Like the Graduate Average Wage at Placement measure, a model-

based goal is used for this measure. See Attachment 1 for specific

goals.

> Are in a Job or the Military on the 6-Month Follow-Up Survey Number of Graduates Who Report They Are in a Job or the

Military on the 6-Month Follow-Up Survey

3. Graduate 12-Month Follow-Up Placement Rate. This measure is required under the WIA and continues to gauge graduates' long-term progress in their attachment to the workforce or advanced education environment.

Pool: All graduates initially placed in a job, the military, an educational

program, or a job/school combination who complete the 12-month

follow-up survey.

Measure: The percentage of graduates in the pool who report they are

employed or enrolled in an educational program according to the

Job Corps placement definition.

D. **<u>Performance Goals.</u>** Performance goals serve as the quantitative benchmarks to assess performance. A single performance goal is established for each measure and performance is measured as a percentage of the goal(s) achieved. Thorough analyses of historical data have been conducted to assist in establishing reasonable and attainable goals for the system.

The following measures have *national* goals:

- Post-Enrollment Placement Rate;
- CTT Completer JTM/PSC Placement Rate;
- Graduate Placement Rate:
- Graduate 6-Month Follow-Up Placement Rate; and
- Graduate 12-Month Follow-Up Placement Rate.

The following measures have *model-based* goals:

- Graduate Average Wage at Placement; and
- Graduate 6-Month Follow-Up Average Weekly Earnings.
- **E.** Weights. A weight is assigned to each measure to reflect areas of emphasis in CTS agencies' accountability for achieving positive student outcomes, importance attached to each measure, and the number of students in the pool for each measure. As indicated in the summary table, the combined short-term measures are weighted at 55% and the combined long-term measures are weighted at 45%.

Within the short-term CTS measures, heavier emphasis is placed on graduate outcomes (35% combined for Graduate Initial Placement Rate and Graduate Average Wage), with the CTT Completer JTM/PSC Placement Rate and Post-Enrollment Placement Rate each weighted at 10%. Under the long-term CTS measures, the 6-Month Follow-Up Placement measure and the 6-Month Average Weekly Earnings both continue to be weighted at 20% due to the importance of both sustaining employment, and having that employment lead to economic self-sufficiency. The 12-Month Placement has less emphasis at 5%.

**F.** Overall Rating. The overall rating is the way in which results across each of the seven measures are aggregated to create an overall rating. CTS agency performance is weighted among the individual measures to obtain an overall rating. These ratings, which are reviewed to assess program effectiveness, play a key role in the contract procurement process. Overall ratings are also used to determine the performance ranges for performance-based service contracting.

#### II. ROLES AND RESPONSIBILITIES

- A. <u>National Office</u>. The National Office of Job Corps will be responsible for establishing national policy for the CTS outcome measurement system; providing agency-specific graduate wage and 6-month follow-up earnings goals; monitoring JCDC's issuance of the CTS Report Card; tracking performance of CTS agencies, distributing information, and providing technical assistance or training as needed; and establishing an administrative low rating to agencies for lack of credible data.
- **B.** Regional Offices. Regional Offices will be responsible for:
  - determining that proposals, contracts, and plans are consistent with program year performance goals and requirements;
  - monitoring performance against the CTS Report Card;
  - considering performance assessments for CTS in procurement against CTS and contract administration activities;

- ensuring that ALL CTS contractor Requests for Proposals (RFPs) include language that informs the agency that new goals are issued each contract year through a unilateral modification (regardless of the base-year period or the award of an option year); and
- issuing an amendment to the RFP or modifying the award document before execution if the RFP is issued and new goals are established by the National Office of Job Corps before the award of a contract and after the RFP is issued.

Regional Directors will notify both the National Office of Job Corps and JCDC of CTS agency changes (locations or service) prior to implementing the change, and maintain and provide annually (or as revised), an updated list of CTS agencies, contact addresses, and codes to National Office staff.

Regional Directors will monitor CTS agency performance against goals; use CTS Report Card overall ratings when assessing performance for procurement and contract administration activities (judgment plays a part in making final decisions); provide the National Office of Job Corps Program Accountability Unit with an agency's explanation of poor performance, in instances where poor performance has been observed; and evaluate information submitted by the CTS agency, coupled with an assessment of the agency's compliance with all other terms and conditions of the contract or agreement. Other factors, such as Office of the Inspector General (OIG) audits and special review findings, should also be taken into account in procurement-related decisions.

- **C.** <u>CTS Agencies.</u> All contractors State Employment Service Agencies (SESAs) and private corporations providing career transition services, and centers with career transition agency activities, are responsible for:
  - maintaining all documents or automated information necessary for audits of activity;
  - updating placement records with current contact information during the placement period (essential for post-placement survey support);
  - entering valid placement data within the reporting period specified in PRH Chapter 4, Section 4.5;
  - correcting errors in data entry in a timely manner, as requested and substantiated by centers and/or National Training Contractors (NTCs);
  - ensuring the CTS system is used to provide maximum benefit to Job Corps assignees;
  - monitoring progress against goals on an ongoing basis;
  - sharing the information in this appendix with staff;
  - submitting information to Regional Offices regarding extenuating circumstances and/or unique factors that could possibly, temporarily justify poor CTS Report Card performance;
  - implementing performance goals with their employees, monitoring performance, recommending corrective action, as required, and submitting corrective action

plans to Job Corps Regional Offices when appropriate; and

implementing corrective action plans as directed.

**Note:** A general failure to enter data accurately or otherwise report information to JCDC not only negatively affects the overall performance rating of the individual agencies, but it is also negatively reflected in other Job Corps program reports and outcomes. Please pay particular attention to:

- 1) entering "yes" or "no" in the "Apprenticeship Box" **and/or** the "Placed by NTC Box";
- 2) entering accurate placement O\*NET codes for the position in which the former enrollee or graduate was placed; and
- 3) coordinating contract updates with the Regional Office staff.
- D. <u>Job Corps Centers</u>. Job Corps centers are responsible for timely and accurate transmittal of placement-related former enrollees' and graduates' information to CTS agencies; accurate coding of placer IDs when completing the Center Information System (CIS)/CTS termination screen; and assisting CTS agencies and NTCs in placing former enrollees and graduates in jobs, the military, or educational programs.
- E. <u>Job Corps Data Center</u>. JCDC is responsible for ensuring that the CTS Report Card and other reports are issued in accordance with the target release dates. JCDC coordinates specifications of the CTS Report Card report with National Office staff and ensures that the data generated in the reports accurately reflect the policy and programming design. JCDC provides: Help Desk services regarding CTS agency data; reporting and oversight of CTS; Help Desk services to the National Office of Job Corps and Regional Offices regarding OA agency data and reporting; and training and services to the regions on CTS.

#### Instructions for Filing an Appeal of 6- or 12-Month Follow-Up Survey Data

#### **GENERAL INSTRUCTIONS**

- 1. Use this form to file an appeal for 6-month or 12-month survey data.
- 2. The appeal must be filed within 90 days of the month in which the student's record first appears on the Center OMS-20, CTT-20, or CTS OMS-20.
- 3. Job Corps centers, CTS agencies, and National Training Contractors (NTCs) may file an appeal.
- 4. Appeals **must** be submitted with supporting documentation.

**Note:** Do not include the student's Social Security Number on any documentation.

5. Submit the appeal with documentation to:

National Office of Job Corps, Program Accountability Team 200 Constitution Avenue, NW, Room N-4507 Washington, DC 20210

#### INSTRUCTIONS FOR COMPLETING THE APPEAL FORM

#### **Check Box for Appeal**

- 1. Check the appropriate box(es) to indicate the survey (6- or 12-month) and the type of appeal you are filing.
- 2. You may file an appeal for placement only, the amount of earnings only, or for both placement and earnings. If you are appealing an education placement, mark the placement box for the appropriate survey. If you are only appealing the earnings reported, mark the earnings box for the appropriate survey. If you are appealing a job placement, mark both the placement box and the earnings box for the appropriate survey.

#### **Student Information**

- 1. Enter the student's Job Corps-assigned student identification number.
- 2. Print the student's last name, followed by middle initial, and first name.
- 3. Print the name of the center from which the student separated.
- 4. Record the month, day, and year that the student reported to work or school.
- 5-6. You must determine the dates of the survey week from data stored in CIS for the student whose data you are appealing. The survey week is the 7-day period (Sunday through Saturday) prior to the survey date. Query the information by entering the student's identification number. Record the start and end date in the appropriate boxes in #5 and #6.

**Note:** If no survey record appears in CIS, then an appeal cannot be filed.

Use the table below to determine which sections to complete for different types of placements:

Type of Placement:	If Appealing:	Then Complete:
One part-time or full-time job	Same	Section A
School or training placement	Same	Section B

#### **Section A: Employment**

If you are appealing data on employment status, complete Section A.

- 1. Print the employer's name.
- 2. Enter the total number of hours that the student worked during the survey week. The student must have worked the minimum number of hours required to meet Job Corps' placement definition during the 7-day period represented by the survey week for the job(s) to qualify for credit. Additionally, the job placement must meet any additional criteria as stipulated in Exhibit 4-1.
- 3. Check the appropriate box to indicate the student's earnings unit (i.e., if the student was paid hourly, weekly, monthly, or daily) as indicated on the student's pay stub.
- 4. Enter the dollar amount of earnings on the line that corresponds with the earnings unit selected as indicated on the student's pay stub. **Note:** The student must have earned at least federal minimum wage for this to qualify as a Job Corps Job Placement.
- 5. If the student earned other payments from this job during the survey week (e.g., bonus, tips, commission, etc.), enter the dollar amount on the appropriate line of item 4.

You must attach written documentation of employment information. Pay information must either: (1) at a minimum, include the complete 7-day period (Sunday through Saturday) prior to the date surveyed; and (2) show that the student worked a minimum of 20 hours during the dates that cover the survey week. For example: The survey week is from September 4th to September 10th. The student is paid by the week and the pay stub covers September 6th to September 12th when the student worked 22 hours. The overlap in dates and the documentation of the minimum required hours will serve as valid documentation. Written documentation may include: a pay stub, written statement on letterhead, or a business card/official stamp affixed to an employer verification form. Documentation through The Work Number detailing the student's employment information in such a way as to meet Job Corps' placement requirements is also accepted for verification only if accompanied by the student's pay stub. Please see Exhibit 4-2 for further information regarding documentation requirements.

#### **Section B: Education**

If you are appealing data on education status, complete Section B.

- 1. Print the name of the school or training institution.
- 2. Check the appropriate box to indicate the type of school, college, or training program the student attends. The student must have attended school/training for the minimum number of hours required, or be enrolled for the minimum number of credits, to meet Job Corps' educational placement definition during the 7-day period represented by the survey week for the placement to qualify for credit. Additionally, the educational placement must meet any additional criteria as stipulated in Exhibit 4-1.
- 3. Enter information on attendance/enrollment in this column; if the student:

- a. is enrolled in high school, enter the <u>grade level</u> and the <u>number of hours</u> the student attended <u>during the survey week</u>. The student must be enrolled in 9th grade or higher to qualify.
- b. was enrolled in a postsecondary CTT or technical school, enter the <u>number of hours</u> the student attended <u>during the survey week</u>.
- c. was enrolled in college, record the <u>number of course credit hours</u> the student was <u>registered</u> to take for the period <u>that includes the dates of the survey week</u>.
- d. was enrolled in an on-the-job training program or was working in a subsidized job, enter the <u>number of hours</u> the student worked <u>during the survey week</u>.
- e. was enrolled in an "other" program (e.g., a program to obtain a GED), enter the number of hours the student attended during the survey week.
- 4. If other training was completed during the survey week, please specify the type of program and training.

You must attach written documentation from the school or training program or college (on official letterhead or with an official stamp) documenting that the student was enrolled/attending during the 7-day period covered by the survey week. Please see Exhibit 4-2 for further information regarding documentation requirements.

#### **Information of Person Completing the Form**

- 1-2. Print your name and sign the form where indicated.
- 3. Record the name of the center or placement agency where you work and the appropriate 6-digit identification code for your center/agency.
- 4. Record the telephone number at which you may be reached.
- 5. Print the date you submitted the form.

### Instructions for Filing a Request to Add a Job Title to the Job-Training Match (JTM) Crosswalk

#### **GENERAL INSTRUCTIONS**

- 1. This form is to be used to request that a Job Placement Title be added to the Job-Training Match (JTM) Crosswalk. This form should be submitted only if the current JTM Crosswalk does not contain an appropriate job title that is directly related to one of the new Training Achievement Records (TARs), which were released in PY 2006 or later. If the request is approved, the new job title will be added to the placement portion of the JTM crosswalk, and JTM placement credit will be given as appropriate to students who complete the identified TAR and are placed, as of July 1, 2007, in a position with the identified job title.
- 2. The request must be filed within 90 days of the month in which the student's record first appears on the Center OMS-20, VES-20, or CTS OMS-20.
- 3. Job Corps centers, CTS agencies, and National Training Contractors (NTCs) may file a request.
- 4. Submit the appeal with documentation to:

National Office of Job Corps, Career Technical Training Team 200 Constitution Avenue, NW, Room N-4507 Washington, DC 20210

#### INSTRUCTIONS FOR COMPLETING THE REQUEST FORM

#### **Student Information**

- 1. Enter the student's Job Corps Student Identification Number in the box.
- 2. Print the student's last name, followed by middle initial, and first name.
- 3. Print the name of the center from which the student separated.
- 4. Record the month, day, and year that the student reported to work.

#### **Proposed Job Training Matches**

- 1. Enter the official title, as found in O\*NET-98 or O\*NET-SOC, for the proposed job training match placement.
- 2. Enter the office code as found in O\*NET-98 or O\*NET-SOC.
- 3. Provide rationale for the proposed job training match placement title. Appropriate Job Training Match placement titles must: (a) correspond to the training received by the student, and (b) require moderate training, greater than on-the-job training, for attainment. Job placements that do not require any training or experience will be not be considered.

#### Information About You (Bottom of Form)

- 1-2. Print your name and sign the form in the appropriate boxes.
- 3. Record the name of the center or placement agency where you work and the six-digit identification code for your center/agency.
- 4. Record the telephone number at which you may be reached.
