**FROM:**                RICHARD C. TRIGG  
                         National Director  
                         Office of Job Corps

**SUBJECT:**            Modifications to the Job Corps Student Satisfaction Survey

1.     Purpose. To provide information about modifications to the Job Corps Student Satisfaction Survey that will become effective for the September 2002 survey administration.
2.     Background. Job Corps operates as a Career Development Services System (CDSS). Therefore, it is important that the Student Satisfaction Survey – Job Corps’ primary vehicle for measuring students’ experiences and gathering information that can be used as a guide for improving student life on center – directly measures students’ experiences with services associated with CDSS. Job Corps also recognizes that a number of students nationwide can provide more accurate and complete data if given an opportunity to complete a survey written in Spanish rather than English. Accordingly, Job Corps has developed a Spanish version of the survey.
3.     Survey Modifications. Beginning September 2002, the Student Satisfaction Survey will include eight (8) new questions directly related to CDSS. These questions, which were developed with input from students as well as national office, regional office, and center staff, will elicit more information about students’ perceptions of career development systems on their center. Six (6) questions will be removed from the survey in order to accommodate the new CDSS questions. Further, based on feedback from students and staff, two (2) existing survey questions will be modified. A summary of these changes is provided in the Attachment.

4. Spanish Version. A Spanish language version of the Student Satisfaction Survey will be made available to all centers beginning September 2002. Each center will receive copies of both the English and Spanish versions in advance of the September survey administration. In addition, a separate Spanish protocol will be sent to all centers describing the procedures for administering the survey in Spanish.
5. Customized Data Reports. All Job Corps regional directors and center directors will continue to receive customized reports with quarterly survey results. Beginning with the September 2002 administration, these reports will be revised to reflect modifications to the survey instrument.
6. Action. Center directors should share this Notice with staff, and should ensure that staff involved in the survey administration thoroughly review and understand the new Student Satisfaction Survey instrument and protocol. Regional directors should ensure that all project managers understand the new survey and protocol, and that they are able to provide technical assistance to centers in resolving issues with the administration of the survey and the interpretation of results. All necessary action should be taken before the survey is administered during the week of September 23, 2002.
7. Expiration Date. Until superseded.
8. Inquiries. Direct any inquiries to Jennie Pittman, at 202/693-3104, or e-mail JPittman@doleta.gov.
